My position.
The most
position.

They took
on the
where
there are
place to go
and took
care of me where
nobody
wouldn't.

The great
family.

In order to enjoy
the rest of my
time to live.

I entered the most
famous of the world,
Paris royal academy.

Under a construction
to guard a case of a
mysterious family who
also have the to be
an instructor.

Why are you
here ?!

The reason I am
here ...

Hello,
Leon.

I was worried,
so I figured I'd
pay you a visit.

Oh, that
girl...

Who is
it?

It's just
my
thinking
but ...

If you've
done some-
thing wrong,
you should
receive proper
punishment
and resume
your school
life...

If you keep
causing
troubles,

Your grand
mother will
be sa-

Kiyack !

Shut up !
Shut up !
I told you not
to chase me
around !

I understand
that you may
find me
boredome.

But I've
already been
paid, so I
have to -

Slap

Slap

He's pretty
mean

Oh, crap

Aren't you being
a little too mean
to a girl, Cid ?

Don't get
in my way,
you dark-
skinned
bastard!

itches
like that
must be
driven
out!

Violence
is bad, Gai.

Are you...
alright?

Do not worry,
senorita.
To protect
lol girls,
a man's chest
can become
the hercules'
shield.

Lol...
girls?

Who the
hell are
you
anyway?!

Are you coming
after him?!

Eh... I see

well

Guardian #1

Yes...it did happen.

And his grandmother misunderstood the whole situation somehow.

And she somehow hired me as a bodyguard.

I don't need a guard!

It's obvious that his grandmother wanted to keep eyes on him ...

Oh, this is your fault.

You've been causing so much troubles.

You tagged along and did it all together. You are not the one who should say that.

Anyway, this one is very irritating!

You were very annoying and irritating even at the first encounter ! And you still are !

Why should I be watched over by a lolli girl ?!

If you had a rack and boobs, it'd have been a little better, but you got nothing !

I am going to beat the crap out of you if you keep following me !

Those eyes... He is serious.

He means it.

I've been ordered by your grandmother directly to help you have proper school days.

Aren't you Fao's twin brother ? Why are you two so different ?

If you had half of his qualities...

Kkyaack !

Are you kidding me ?!

Bullet abilities
are detected
inside of the
church.

What are
they doing ?

A bodyguard hired
directly by the
madam ?

Even the
mighty demon
stand against
her ...

Earning her
trust equals
to earning
the captain's
trust in
the end...

My plan to
use God to
earn me a
good spot in
the corp ... !

Copy those
and get me
coffee.

Hey, he says
he does not
want you !

Get out of
here !

Just give up
already !
He is an idiot
who believes that
girls with C cup
or smaller aren't
girls !

Hey -

Okay,
okay,
fine.

By the way,
guys, aren't
you hungry?

?!?

I brought some
treats from the
cafeteria ...

You are holding
well, Col.

Please take
some rest,
at.

It doesn't look
like he is going
to come out
any time soon.
We can watch
here.

Yes,
sir ...

No.

He may somehow
be resisting his
hunger and his
dislike for dusts, but
that won't last long.

They are so loud...
and this place
is so dirty...

And I haven't
changed my
shirt for 2 days!

Not to mention
that odor of
Daniel's body
is getting worse.

I will just
hold your
hand...

But if I leave
now, that will
catch me.

Clothes
and wet
towels.

Leah.

And breakfast.

우걱 우걱

I can launder
that shirt
for you.

You are a good
guy

감송...

Eh?

8 days ...

He's holding
well.

Fiz said he
wouldn't
last long ...

Maybe,
Fiz under-
estimated
Gil.

He is
pretty
realistic.

22

Faz !

Sir !

Are you
alright ?!

I am ...
fine.

Bring his
pill for
blood
pressure !

Faa !
You have low blood
pressure !
You shouldn't have
spent a night !
Outside even !

Hahah ...
you've spent
a night here as
well.

Unlike the hopeless
Cid Leon,

You are expected to
rival your elder brother
in the future when
Devente Leon retires. —

Even so, people
don't talk about
you much ...

Intelligence
and strength
are about
equal between
his older brother
and him.

However, his
older brother has
been estimated to be
two mathematical
and will realize far
wider growth
of mental skills
toward him.

For her, she needed
first and that is his
weak health; and that
has always gotten
in his way.

His body temperature
is lower than others.
His arms and legs are
thinner than others...

I know
your
ideals ...

Such a
big burden
on your
fragile
shoulders...

Well, such
ordeals make
you beautiful
though ...

Recover soon --

THAT THOU

I am sick of dried breads now.

You are full, aren't you....

He doesn't like you anymore, bitch !

Shut the F up !
She is better than you who can't even get bread crumbs !

Can't you bring me some protein?
Like sausage ?

I've been abandoned !

By the way, Dia,
how have you been able to get in here with clothes and breads ?

I doubt Ets would just let you pass.

Eh... there is
an emergency
exit on back.

There was
no one
guarding it.

Exit ?

I didn't see
anything
back there.

Maybe, if we did
find an unguarded
exit, we would
have escaped
through there
already.

Ah, well ...

It's really small.
Someone of my
size could barely
pass.

Yeah ?

Hey, get
me roasted
chicken for
dinner !

With chili sauce.

O, okay !

Don't you think
it's better to
just surrender ?

Ah,
shut up !

Sr. bullet
abilities are
being detected
at certain times.

It's being detected
at morning, noon,
and evening.
It's meal times.
Its level appears to
be class 4.

But God's club
doesn't have class
4 bullet users.

An outsider
is assisting
them ?

Probably...

They are
contaminating
the God's holy
place !

All I asked them
when they came in
was leave, then
they struck lightning
bolt at me !

Father ...

Fa, do something
for me !
I complained to
the dean, but
he seemed he
could care less !

Well ...

None of the
school
employees
would do
anything
against God ...
due to
grandmother.

By the
way,
father,

Have you seen
anyone else
beside the
three ?

Come to think
of it, I recall
seeing a small
grrl.

A girl ?

I saw her
carrying
breads and
clothes.

Sir, we have
reports from
cafeteria that
a female
student has
been buying
lots of
breads and
drinks !

A female student...

Thank you.

I am helping them because I see no other way.

But is what I am doing the right decision?

if I understood her correctly, what I should be doing is not help him to escape but help him to have a proper school life ...

Look after my puppy ...

The reason I accepted the job was through I was aware that I was drinking my parents' sweat ..., well, partially money and I know that she was being serious.

I am afraid that guys at Vesha would hit on my Dia for being too pretty !

Don't worry, ma. There are a lot of hot girls in Vesha.

Dis, don't
skip meals.

If they give you
less meals than
you did, demand
for more.

If you feel sick,
don't hesitate going to
see a school nurse.

Call us everyday
We are worried.

"We are worried,
the world."

And I must
study well.

And I must
make sure
that I do not
get ill.

And I must get
along with my
classmates.

I must show him
that I am doing
fine. It is the
right thing to do.

It is only right to
act accordingly to
parents' expectations
and concerns.

Even since he understands
his grandfather's concern.

For how can
he still not
be like I?

He's not understanding him.

She only has truly
come here when I
like being like her.

And he does
cheerily with his
brother.

Working her
wanted more to
not the right
way to follow.

Leon is just ...
too different.

I dislike him.

I really
dislike him.

Could we
talk for
a moment?

She...?

24

She disappeared ?!

Teleportation ?!

But that's
Amelle's
ability !

Did I get
caught ?!

Hey, get a hold
of yourself! I
can hear you!

Can you
hear us?

Where are
her parents?

What caused
the explosion?

A report says
that it detected
an extraordinary
level of bullet
power right before
the explosion.

Did an enemy
slip through class 2
bullet near
the site then?

Did
you
please
do this?

This is a cruel sight ...

Who could
have done this ...

Who could
have done
this ...

... Ah

SIESTA

His fur

Día 1

Are you
here ?!

 SIESTA

Why -

Why were you helping Cid Leon ?!

What's going on, Dia ?!

Did you deceive by acting like a new transfer student ?!

animaparc.com

Don't be ridiculous, An.

Because of your overly aggressive, inconsiderate, stupid personality.

If An gets hurt by Cid Leon, it's all your fault, Annelise.

Cid's secret
agent has been
right by your
side all along.

And you didn't
have a clue,
did you.

Given enough time,
I believe you would tell
her everything about
E.E. and Fox's
weakness as well.

N, no
way!

I am not
that
stupid!

Fox is not
a bullet user
and is physically
weak.

What if they
embrace him
when he just
happens to be
alone?

The end.

Miss
Canto.

Um...

Is it true that
you've been
supplying
food to them?

The father has
confirmed your
identity.

다악

Dia!!!

How dare you
try to use me
to attack Faz?!
다악

Amelia went
overboard due to
her concerns
about me.

I am sorry
if she startled
you.

Are you
 alright, Lisa ?

Your mom
is not feeling
well. That
is all.

But she does
love you.

Don't dislike her.

My mother's ability to manipulate others to fit
in with the expectations imposed was considered very
dispositive and therefore she was destined class 2
individuals, meaning that she had to spend most of her
life in a high security facility.

Before bullet users were accepted, bullet users who were confined in facilities were allowed to go out and roam freely on a specific day every year.

Mom said
each day

were the
only times
that

She felt like a
living individual
who could love
on her own.

"I may be a soldier,
but I do not have any
preconceptions about
bullet users."

Actually,
I had never
spoken that
my childhood
is close
bullet war.

I simply did
what I had to
do.

Bullet users are
nothing more than
menace in human
society.

Is that it ... ?

Did he
abandon me
because I am
a bullet user?

Because I am a bullet
user ...

A bird that
has been
caged for her
entire life -

Did not know
what was right
and wrong.

And -

After she
enjoyed a life
of a human
being,

It became harder
for her to live
in a cage.

After her
sentence
was over

And returned
to her facility.

She started to
violate herself
from others

The mother
almost died !
Where in the
Earth is the
father ?!

Any males in
this facility could
be her father.

Well,
she just
had to make
a big deal
every-
time -
even for
birth

Hey,
Bel-kun.

... Dad

Do you have a
nurse for this
child?

She will be
Dad.

Bel-kun!

No!

Calm down,
Beliona.

Dia has been
classified as
class 5.

Unless class 5,
she won't be
confined.

Hmph

Even when
one's class 5,
he can become
class 1 or even 5
at one point.

She should stay
here and not know
what the real world
outside is like.

If she has to
be sent to the
center at one
point of her life.

That's not
true—

The media has been saying that Bullet user rights law might pass.

Yes I

It was Bulletron that defeated the pirates.

Still I doubt they would let a class 5 like me out.

Bullet user rights...?

They might if someone authorized can watch you 24 hours a day.

Grande corp has been helping people's view on bullet users.

Like someone from the center ..

If the law passes, even Belara might become free.

Do you want to go out to the world with me, Belara?

I will be a good
dad to Dia.

My father
was an
employee
at the
center.

He was a kind
ordinary man
with brown
eyes ...

Although short,
he provided her
and me with
comfort.

Ah, Mr. Canto!
Is that you?

Oh, long
time no see!

Hahaha!

I heard you
got married
to Selene.

So, how is the
life outside?

Nobody wants
to hire a
bullet user ...

It's hard
to make a living.

Die!
Look at you!
So big now!

You know, you
used to love when
I made you big
water balloons!

Hehe ...
I think I am going
back to the center.

Oh, yes,
your ability
was forming
water vapors
into shape.

It's not very
useful ...

But I was
popular at
summer time
at the center !

My
apartment

"Even as a class 5,
one can awaken
other abilities
at any given
time ..."

She moved
her dolls
remotely the
other day !

And she grew
grass in backyard
another day !

What's Dia's
ability ?!

Before

At last...

I got out
at last ...

But I have to go
back ?

Mother's
despair and
premonition
were very
deep.

...and there
wasn't anything
left of
my
entire life,
so there was no
way to
live my
life.
Mother said.

She was too much
for my father to
take care of and
try to
withstand the love.

WHY
SHOULD I BE
PUNISHED
BECAUSE OF
YOU ?!

As time passed,
she became only
worse and my father
was becoming
exhausted.

I will take Dia.

I doubt you
could raise her
properly.

Firs.

Papa,
where are
we going?

Dia, do you
remember
Mr Cruz ?

Yeah I
like Lee I

Dad and Dia will
go there and live
nearby.

Really?

What about
morning?

Master
Grande ...

My ... grand
mother hired
you ... ?

Yes, but all she asked me was to look after Cid Loan and help him spend his days at school smoothly.

I don't think she knows that Far and Cal are on a conflict.

Considering your ability

I find hard to believe that she asked you only that.

On the record, it says you are class 5, but you did use tele port which was class 4 ability.

That ability was awaken very recently

I didn't have time to report...

Did you know that failure to update your class charge is a serious crime?

Your family can be held responsible for not keeping their eyes on you

You said me that you accepted the job to pay off family debt

I think it's more important for you not to put burden on them for issues like this

My family
doesn't know I
They had nothing
to do with this!

You want to go
with that man?

He's not even
your real father.

I gave birth
to you.

There were
few no-right
at all.

I am going to
jump off the
train with you
before the train
reaches the
destination!

You said you
didn't want
me ...

I am going with
papa ...

You said you
didn't need
me ...

Eeeek !

Mommy !

Mommy !
Don't !

They say children are the proof that
parents existed.

But I doubt that she gave birth to me because
she wanted her child Her life was filled
with hatred and sorrow. I just don't think she knew the
concept of parenthood.

At that time.....
she just hurt
me so much ...

Her hands
were mean ...
and they hurt
me ...

Her eyes that were
full of hatred were
too scary.

And at the same time, I pitied her
for not knowing what to do with
her hatred toward the world.

I think the
queen will be
happier now.

Hub?

Why?

Even if she managed to kill the princess,

I am sure more women would have gotten in her ways with time being.

She'd have to kill more and more.

Her life would be drenched with blood.

It's good that the prince and the princess managed to execute her.

I am sure the queen went to the Hell.

But I think she'd be happier in there.

Grande corp. I want
to ask something.

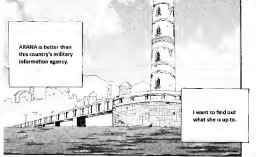

Which is?

About
Die Carbo.

All I was asked
was look after Gid
Lann's school life.

I am not falling
for such an
obvious lie.

It doesn't make
sense that
grandmother
would ask any-
one to do that also.

ARANA is better than
this country's military
information agency.

I want to find out
what she is up to.

Cid -

Are you really
not seeing it?

Cute Ota has brought these. Come on.

Hmph!

That woman always brings low quality breads!

No way am I going to let someone who can't even distinguish breads approach the boss!

But you are eating R... Shiro.

Oh... com on.

... Hey

Woman.

West of the dormitory, there is a small garden.

Protect dogs until I get out of here.

If you do that,

That's where
Old Leon's
room is.

He killed everyone
in South West
dormitory and has
been using it like
his mansion.

I hear that dogs
have been barking
there day and
night.

I will let you
"guard" me.

A rumor says
he beat the crap
out of the dogs
whenever he is
stressed out.

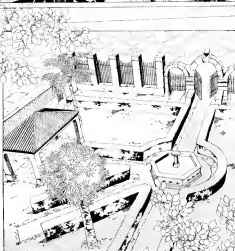

Actually, from
what I was told,
he has been
gathering and
training dogs for
World domination
one day.

They say
damned dog
copies are
seen there
sometimes.

I hear they are
naughty enough
to eat off
people's head!

Anyway,
Cid Leon is -

a living Satan!

We are from
city animal
care center.

The school
called us and
take them
away. We'd
like to talk
whoever is
in charge here
before we take
them away.

Take them
away ?!

They told us
to take them
away and hung
up.

Protect the dogs
until I get out of
here.

Are you
taking them
away now ?

Can you wait
for few more
days ?

Well, if we
can talk to
whoever is in
charge, we are
taking them
now.

But...!

How dare
they !

I am here and
no one welcomes
me ?!

Do you know
how much
donation I've
made to this
school ?!

School
officials
have left.

Where is the
dean ?!

Your visit was
sudden, so I
guess they
weren't informed.

Yes..

Of course..

Is justice
more important
than blood
to you ?

Nothing is
more important
than my own
rules of justice.

He has a similar
creed as Gervais
Leon.

You are not
much different
from me,
grandmother

Die Canto.

You hired her to
be with Cid Leon.

But it
seems...

She does not
know why
exactly ...

she needs to
guard Cid Leon.

Mhmm...

Not very feasible
due to her age
and her body.

Unless you
want her to
get Diabetes.

Ah

She should be
an actress.

Two faced
recess...

Volume 25, ch. 10: School For Idiots And Other Problems (Part 2) (2017)

R, Fee...

I can't look
at his face!

After what
happened

she cried
in his chest.

R, Fee, I have
a favor to ask...

The school is trying
to get rid of a garden
used to house dogs...
They are Col Leon's.

You made me wait for tens of minutes !

We are so so sorry !

Release Cid and leave his dogs alone !

Cid's hearing will be held in few days !

No !

I told you to be quiet, Faz !

If Cid and his dogs are harmed in any way, I will not let that go !

You cannot just let him have his ways all the time ! He needs to be taught a lesson !

Um...

Yes,
of course.

Whatever
you want,
ma'am.

His dogs
will not be
bothered.

And let us talk
about Ciel while
having coffee.

DANTE'S CAFE

Hmm...

All cases have been
verified. However,
actual damage seems
to be very little.

Also regarding
his sexual
harassment against
a royal princess,
the royal family
has denied the
case which makes
his charge null.

Five concluded
with following
judgements for
the members of

Cid Leon
Grande,
not guilty !

Benedictus
Deras Plano,
not guilty !

up for 3 days!

What ?!

What the heck ?

All the efforts
Faz put
into...

Why only
the two of
us are getting
locked up?

They are
going easy on
the nobles and
the rich !

This is not fair !

This is
wrong.

What am I supposed
to do ?!

Lees...

Did you
do it ?

Yes...

Sorry if I
made you
upset ...

Who do you think
you are ?!

Sorry.

Well,
anyway

You did
help me
various
time so far.

Allow me to
show my
gratitude.

Alright,
Die Sanchez.

Ah, it's a
new ability
I found
recently.

Teleportation
is level 4
ability.

Did you say
you were
level 5?

Well, what-
ever. Just
bring him
back.

I need his
heart and
liver cooked.

What did
you say?!

You cannot
control your
ability ?!

I know I have this so-called "very special S level" ability that absorbs other bullet users.

Then what ...

So, don't worry, Leon...

I don't think I sent him away that far ... He should be nearby.

He's getting pissed ...

This is the first time I've ever used the ability since the train accident ...

I've never had a chance to develop the ability and it has remained in uncontrollable stage so far

So, I don't know when I could absorb one's ability and when I can duplicate it. I don't even know how long I can remember absorbed abilities.

Should I use Amelia's power again ...

I guess I can use it more than once...

... Am I a monster ?

Ah -

Where are we anyway?

Amelia's built was like it or it is.

I think we are at the old school building used by the school in its early days.

The building was destroyed during the blood war 200 years ago, so they built the one we are using.

What? This school had something like that?

It appears that we are in a busy area...

If we follow the walk to North by about 4km, we should arrive at the current school.

Attended the school for 4 years and hasn't got a clue

Only a week old freshman but has studied and knows the school throughout.

Today 상동 일가문 정원이 모집되어 있는 야당

Wow, you are smart.

He doesn't look as bad as others make out ...

By the way, Leon.

Ah?

Am I joining your club?

You did promise that if I could protect the dogs ...

My grandma saved them, not you!

And my club does not accept anyone below class level 2.

You are class 5 crap. Bug off.

Anyway, I am hungry.

Tired

wanna clean my nose.

Besides ...

For 2 weeks, I haven't even touched a girl's hand... I need girls...

??!!

I miss Elise's boobs... Here are the ... bomb...

Soft like bread ... and tastes just as good if not better

7-11 is the best place to buy them

A girl... Any girl nearby?

동생아

동생아

100%

I know you
are just
kidding
around.

I heard that
you don't
see girls with
A cup as female.

Ah...!

I try to take a
leaf off your hair
and you suddenly
make me a
perv ...

I am sad, very
sad, Miss...

NOT FOR

Don Sanchez,
as you said,
what charms
do you have
as a mature
female ?

You might get some
attention from those
perv who look for tell
girls.

That's
fine.

Not all men
in this world
look for only
appearance...

You are not popular
at all, are you.

You are one of those people who are very polite on surface.

And never truly show their true face.

Girls like you would make guys think 'Is she even interested in me at all?'

And they would never get an answer to their mind boggling question.

Relationship won't last long.

Let's forget about your appearance for the moment.

But for girls, boob size comes first.

Some guys make girlfriends only to fuel their souls.

What he said...

Not only that, even made such a statement about me. ...

Like, you
are too
polite to
others.

Sometimes,
you need to
speak up
your mind.

That's because
I wanted to avoid
conflicts...

But I guess that could
also mean what Leon
said ...

Ack !

Look at
that !

Mice !
Mouse !

Cockroach!
Cockroach!

I am not going that
way !

Well, this
is an
abandoned
factory ...

This place has
sanitation issues
...

Leon?!

Wait, Leon !

I don't think
these devils
will chase me
this far...

Leon, where
are you going
now ?!

That's enough,
Leon !

Huh?

What's
with you ?!

Hey, that
hurts

Hey, stop !

Hey!

I love you,
family, please,
in my heart.

®
SIESTA

Hey, where
are you going ?!

Hey !

It's raining!
The water
level has
gone up !

I will get
you
another
bag !

The photo
is special.

★ For

That's

For when Mr. Stone
visited his, the
freedom was a
little strange.

I wonder why?
It should be
good even for
her.

I want her to know
that she is not alone.
What should we do?

Ah, let's take a
family picture.

We are a family,
yet we don't have a family
picture.

Ah, come
on out.

It's alright, Ah.

It's alright.

You got
a flashlight
or what?!

Grrr!

Frederick Olana...

He visited me
like one of those
messengers from
war who brings
news of death
to families.

Except he wasn't
one and was
actually a firefighter
who was present
at the train
accident.

It took
some
time, but
I am
finally
here.

I want to tell
you this much
earlier.

Oh, you are one
of very few survivors
of the accident.

Do you know
how you survived
while most
didn't?

Your mother

embraced
you and
shielded you
from the
explosion.

Oh, my -!

What wonderful
was great!

I couldn't
control...

You already
say more...

No
way,
there's
nothing
out!

That
was a
horrible
move.

I was still
entirely
sure how it
happened.

Did the hole
deeply go off
the track?

It was it caused
by my mother
who was in to
disappear?

I said,
then...

Did the
cylinder really
end up in the
ground?

If what
he said
was
truth -

Did I kill my
own mother
with my own
hands who
was just not
very good at

Expressing
her true
feelings...

My mother
was a witch.

She could
only be
saved by
death.

I had every right
to hate my mother !

Hey !

Snip out
of it !

This is why
I hate weak
girls !

Hey !

Hey,
Die Sarcho !

MAN/WHY

Was it all because of me ?

She didn't want me to use powers

But I can't grow instantly

I made dolls move on their own.

I had powers she did not want.

Now I lost
the picture of a
family that I hoped
was not of this house...

What
is really at work?

Damn,
It's getting
cold...

I am so gonna
catch a cold.

I have a nose
problem and
I don't have
good natural
immunity.

Hey,
Ola Sanchez

Get me
some wood
to burn

Or go get
some food.

What, you are
still pissed
about the bag?

I don't know
what the crap
was in the
bunching

The fuck
is on you can
you tell me
with that thing.

Girls have
such shallow
minds.

You were
kind to
help me,
right?

Since you
got some
meat and food.

Oh, wait,
your boobs
aren't. A cup

Like you
said,

It's fine.

I will go.

It was my
fault.

... Hey I

Whatever,
you got that
right !

Who told you to
hit me like that ?!

I almost broke
my rib !

It was your damn fault
to have
dragged me
to this
entrance
to hell
because
you had
unstable
powers !

To make it
worse, you
got me lost
in this shit
hole.

Ah,
yes -

It's also
your damn
fault that
it keeps
raining.

It's also
your fault
that there
are wars and
diseases!

I fucking hate -

It's also your
fault that
more dogs
are being
abandoned
during
summer !

Yes, it was
all Old
Sancho's
fault !

bitches like you !

It's
always
possible.

Low-key

It's also close
to his hands.
It's not like,
I don't know
the wrong
things.

It's not
possible with
the rightness
of this.

And he has
done recently
others by using
his special power.

It's all
to make
out of his
hands and
then to make
others that
others don't
know.

It's not like
I don't know
the right things
to do, but I
don't know.

It's not like
I don't know
the right things
to do, but I
don't know.

What

You got
something
to say ?

AAAACK !

That itches !

Are you alright ?

I got hit
by a lightning.

That's
weird !

What the
hell ?!

I wonder...

I will go out and
see if i can find
any dried logs.

I feel
saddened.

No -

You treated
me like one
of those lolicon
guys who'd gladly
rape girls with
baby body and
flat chest.

The stuff you
gathered to make
a camp fire
died so quickly.

I just need
something
warm. That's all.

You are
paid a lot
by my
grandmother

He is
violent.

Do me some
service,
good ...

He
doesn't
have
manners.

And he does
not value
friendships
and family.
His name is
Cid Leon.
